

An aerial photograph of a Hawaiian island, likely Maui, showing a large, dark, conical volcano (Haleakalā) in the center. The island is surrounded by blue ocean water, and the surrounding landscape is a mix of green vegetation and brown, rocky terrain. The sky is overcast with grey clouds.

Sustainability at MCB Hawaii

**Major Dave Hudock
Environmental Director, MCB Hawaii**

2 March 2009

Agenda

- Sustainability defined
- Current initiatives
- Future initiatives
- Installation sustainability planning
 - Status
 - Roles
 - Way ahead

Sustainability Defined

“...development that meets the needs of the present without compromising the ability of future generations to meet their own needs.”

- UN Commission on Environment and Development, Brundtland Report, “Our Common Future”, 1987

Current Initiatives

- Social
- Economic
- Environmental
 - Compliance
 - Conservation
 - Pollution Prevention

Social

- Marines
- Families
- Work force
- Civilian Marines
- MCCS
- Quality of life

Economic

- Stewards of Taxpayer's dollar
- Checks and balances
- Industry Fair
- Capital improvements
- Contributor to local economy

Environmental

- Energy
- Compliance
- Conservation
- Pollution Prevention
- Management

Future Initiatives

- Social
 - Partnerships
- Economic
 - Infrastructure
- Environmental
 - Energy

Why?

Sustainability = Security

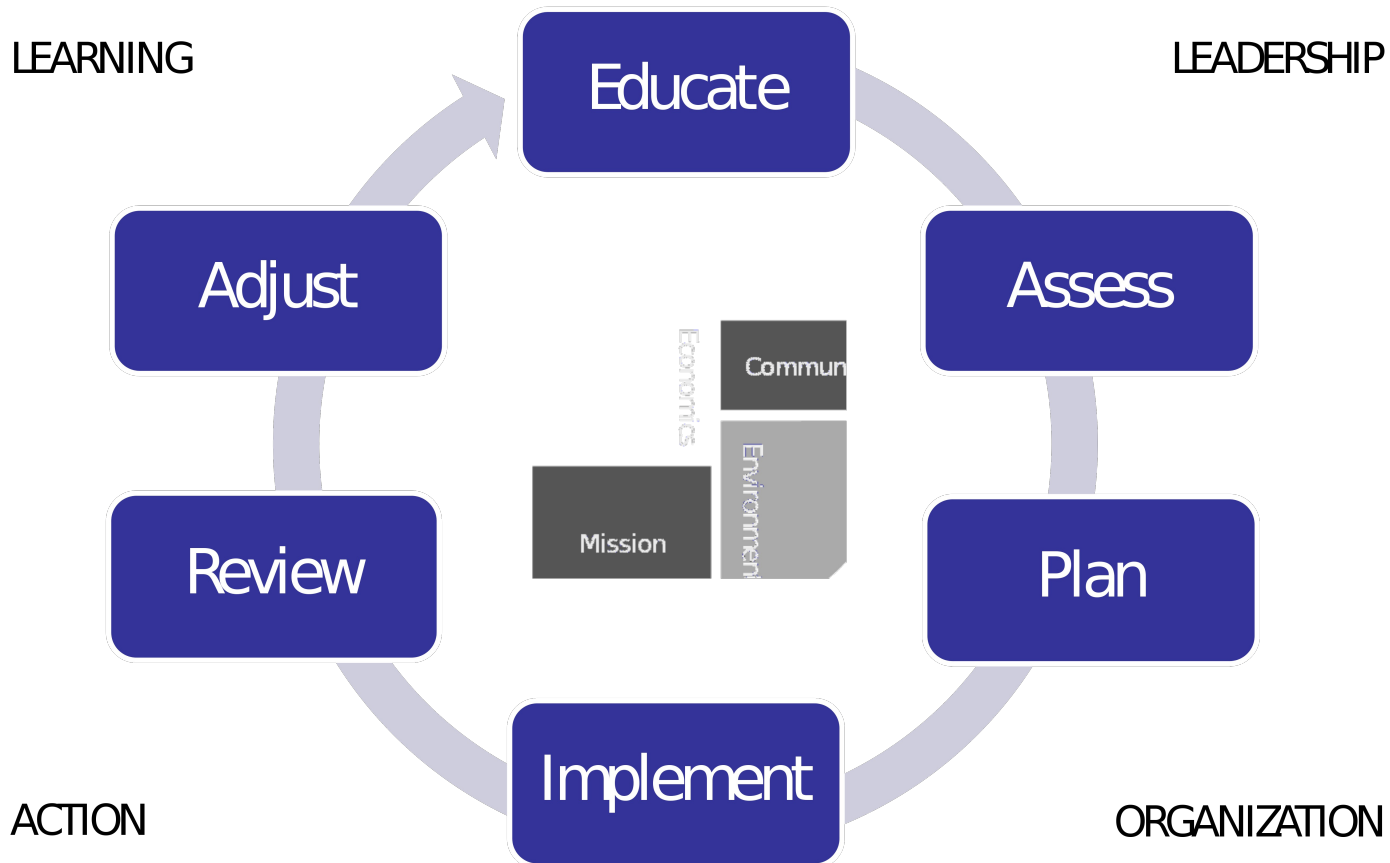

Security = Sustainability

Sustainability Planning

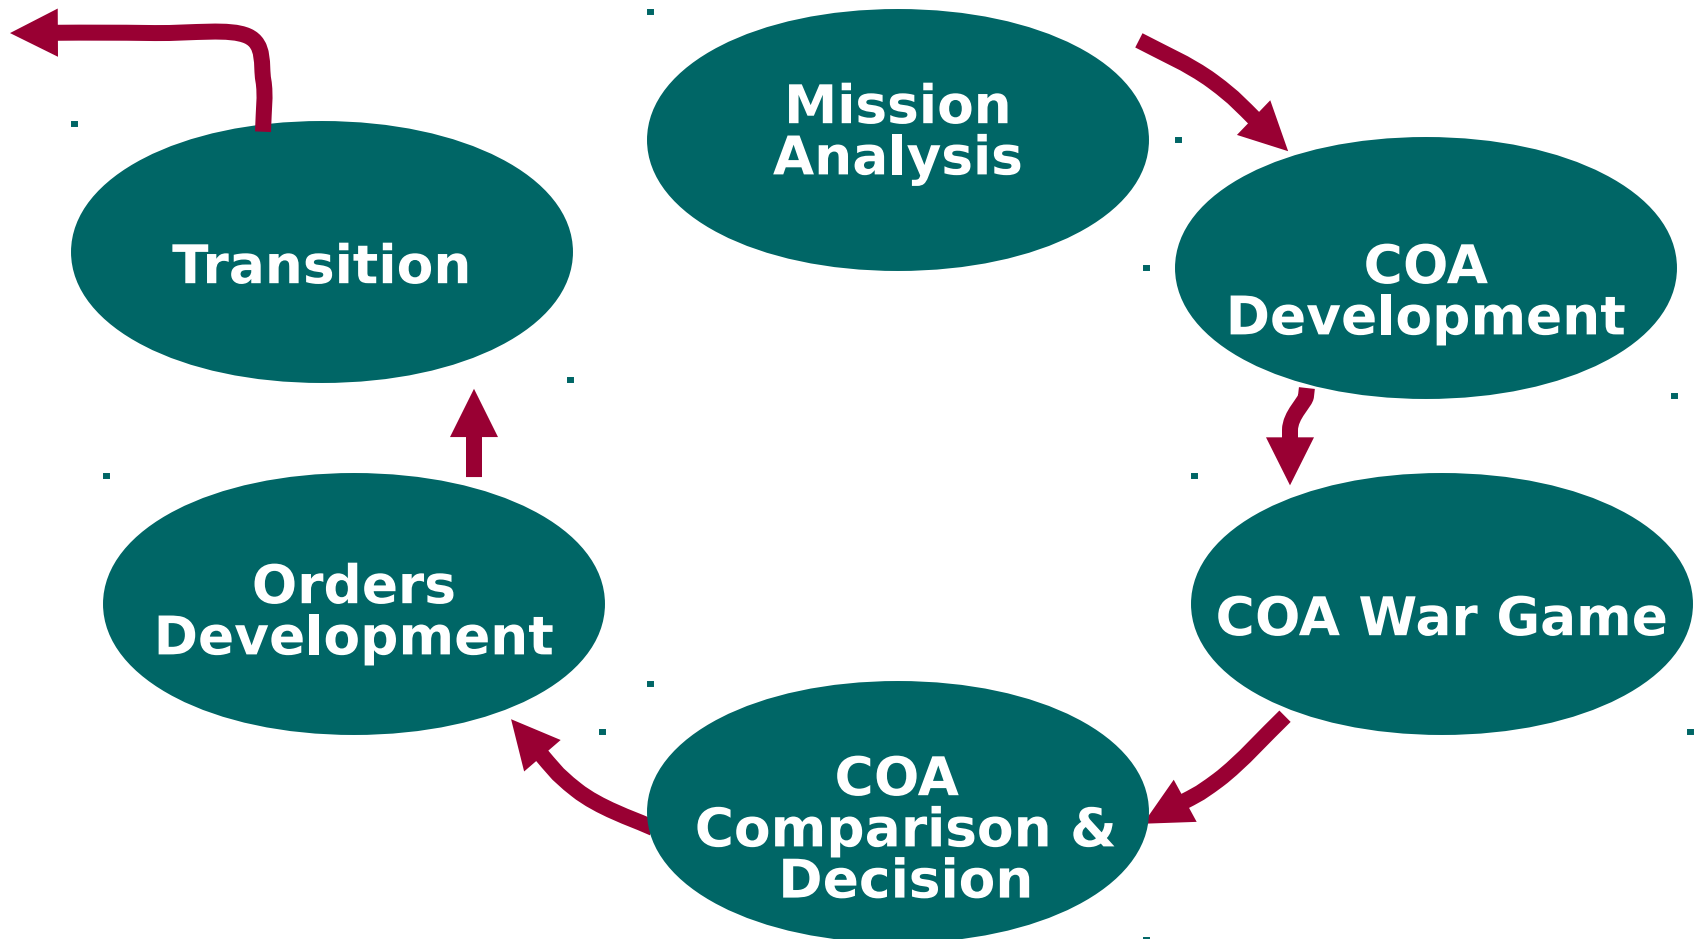

- ABCD(EFG) model

Sustainability Planning

■ Marine Corps Planning Process

Planning Approach

- Baseline assessment
- Customize
- Train
- Plan and implement

Baseline Assessment

- Key management / metrics systems
- Initiatives already working
- Cross-functional groups existing
- Future events
- Sustainability issues
- Perform gap analysis

Goal and Objective Setting

- Mission oriented
- Matches strategic plan
- Achievable

Sustainability Plan

- Execution
- E3SC
- Core planning group
- Cross-functional working groups

E3SC

- Executive Energy and Environment Steering Committee

Core Planning Group

- Implement plan

Working Groups

- Cross-functional in nature
- Subject matter experts at the working level
- Recycling Groups exists
- Others? Energy, Transportation, Financial Resources Conservation
